## GERD RUBE

*Do what I love & love what I do*

KEY WEST SUNSET... that's Gerd Rube's new CD.

10 original songs recorded in best studio quality.

Reminiscing a warm day in Key West:

Relax 'BY THE WATER', watch a stunning 'KEY WEST  
SUNSET' and then later 'WE HAVE A PARTY'

at the club! No wonder he truly can say:  
'I DO WHAT I LOVE & LOVE WHAT I DO'.

In 1990 he turned his hobby into profession and started  
touring from the south of Germany to all over Europe.

He won awards in several talent shows like German Vize-Landes-Rocksieger, Newcomer Of The Year of the GACMF, opened up shows for bands like Uriah Heep, Spencer Davis Group, Curtis Stigers, Johnny Guitar Watson and many more...

His CDs got great press-responses and awards like Album-Of-The-Month. In 1994 the german fashion company C&A picked him out of 3000 bands for their TV talent-show and sponsored/featured his video on MTV.

Magdalena Brzeska (26-times rhythmic gymnastics German champion) was touring with Gerd Rube in 1994 during the DTB-Galas across Germany (Europahalle Frankfurt, Deutschlandhalle Berlin etc.) performing to his live-music.

He also performed several times at the Gottlieb-Daimler-Stadium for his home-team of the national soccer league:  
VFB Stuttgart.

US-producer Mike Waddell hired Gerd Rube for a Nashville studio session with top musicians from the band of platinum-cowboy Garth Brooks. Back in Florida, Teddy Mulet from the legendary Miami Sound Machine (Gloria Estefan) produced his album Keys Dreaming featuring several musicians of the Miami Sound Machine.

In 2002, Hollywood-actor Harvey Keitel ran into Gerd Rube at a gas station in Key Largo while being on a break taping the movie 'Red Dragon'. He loved Gerd's 1991 black Ford Mercury and used it in the movie. Look out for it!

Do What I Love & Love What I Do... even after numerous CD releases, his infectious live-performance is still Gerd's relentless passion. It does not take more than his acoustic guitar and his markable voice to thrill his devoted audience.

These days he is touring live with a performance of his originals and a mix of selected american rock classics.  
You can find him during the summer on stages all over Germany and during the winter season performing anywhere close to his new home in Key West, FL...  
Living the dream!
